Before working with COTGIN EDU APP, I was generating revenue of only 26K per month. The dashboard and live doubt corner have made my classes interactive and my revenue has also increased significantly.

Ankit

I partnered with COTGIN EDU APP for delivering my classes, earlier I was able to reach students in my area but now I can connect to students from all over India. I can conduct live classes smoothly and manage student performance. Good platform for teachers.

Shaurabh

Highly recommend the COTGIN EDU APP e-learning platform for teachers looking to widen their student base where they can deliver online classes, solve doubts, and store their class notes. With THS you don't have to worry about technical issues.

Balvinder

I have witnessed remarkable growth in my teaching profession after partnering with the COTGIN EDU APP platform. Their Live Doubt Corner and online classes and cloud storage has helped me manage my lectures efficiently. Collaborate today to achieve significant growth.

Gunjan

MESSAGE FROM THE CEO

COTGIN EDU APP is the paramount ed-tech platform in India which is aimed at empowering the education sector in India and all over the World. We believe in empowering every teacher from the corners of the world to utilize their potential. In this era of technology, the teaching field is still lagging and we want to tap this potential which can help teachers like you to generate great revenue. We are on a mission to maximize Teacher's Profit, Join Us today and witness 20x Business Growth.

Sunil Rawat
Founder & CEO, Cotgin Analytics

COTGIN EDU APP is an all-in-one e-learning platform with its mission to revolutionize the learning sector in India and empower every teacher to share their knowledge and experience with students from all over the world.

With a huge teacher base from more than 12 different locations in India, we empower every educator to build his identity and have global student access.

With COTGIN EDU APP our teachers have maximized their earnings to 2 lakh and more by uploading their class notes and taking online classes in the comfort of home.
